Direct Instruction — Take Notes

Direct Instruction — Take Notes

Follow along with the lesson. Fill in the blanks and examples.

Common Error — Watch Out!

✗ $3 - 2$ for $3(-2)$ (**drops parentheses**) ✓ $3(-2) = -6$ (**keep the parentheses**)

✗ $10 - (-4) = 6$ ✓ $10 - (-4) = 14$ (**two negatives make a plus**)

Culture Connection — Minnesota Stories

Culture Connection — Minnesota Stories

Irish Americans made up a significant wave of 19th century immigration to Minnesota, many working on railroads and in the lumber industry. St. Paul's Irishtown and the Celtic Festival are still celebrated.

Math Connection:

An Irish-Minnesota family runs a food truck at the MN Irish Fair. They serve $7x + 3$ shepherd's pies per hour. If $x = 4$ hours, how many total pies?

Independent Practice — You Do
